

WHO ARE WE AND WHY ARE WE HERE TODAY?

We're your neighbours, ordinary residents of the local area. We are a committed group of peaceful activists, diverse in age, race, experience, profession, faith & nationality. We're here to raise awareness about the Israeli genocide of the Palestinian people being carried out in Gaza, with the complicity of our own government.

Israel's military has been killing, on average, over 90 children a day since October 2023. The occupying state of Israel has been killing Palestinians, stealing their homes & controlling their lives for decades. We believe this must stop.

WHAT CAN I DO ABOUT THIS?

We invite you to join us in calling for peace & freedom for the people of Palestine in whatever way.

As well as the activity you've seen today, we help by emailing MPs, sharing information online for friends & family, boycotting companies which fund the Israeli government & military & much more.

THE ZIONIST COLONIZATION OF PALESTINE

THE NAKBA - THE CATASTROPHE

- The State of Israel did not exist until 1948. The colonialist project to create the State of Israel required the forced removal of more than 750,000 Palestinians from the land of Palestine.
- This forced removal led to the destruction of over 400 villages, two dozen massacres and the confiscation of 4.2 million acres of land.
- This injustice is the root cause of the conflict in Gaza today and there must be the solution of a Palestinian State. In recent years however, the West has done nothing to stop Israel building more and more illegal settlements whilst Palestinians continue to have their land seized.
